SUPPORT

ADDITIONAL SUPPORT

Our support network ensures every student thrives at college, regardless of support needs or disabilities. Specialists in ASD, physical disabilities, learning difficulties, and mental health are available throughout your time with us. You can meet our Support and Inclusion team during Open Days in **THE STREET.**

PROGRESS

If you're a full-time student, you'll see a lot of your teachers and your progress tutor, who can offer all kinds of support and advice. They will work with you to set targets so that you're clear about your goals and ready for your next steps.

LEARNER WELFARE

We have a range of teams dedicated to your welfare and development. These include the Mental Health team, Wellbeing Mentors, Inclusion team and Safeguarding Officers. If you require support there is someone for you to speak to. We offer 1:1 appointments as well as inclusive support groups, and we also provide a sexual health clinic three times a week.
