

ESFA Funded Subcontracted Provision Statement

Loughborough College's Corporation Board has approved the College's educational rationale for subcontracting:

- To enhance the opportunities available to young people and adults
- To fill gaps in niche or expert provision and provide better access to training facilities
- To support better geographical access for learners
- To offer an entry point for disadvantaged groups
- To support individuals who share protected characteristics, where there might otherwise be gaps

The Fees and Charges Policy 2022-2023 includes a policy statement:

Loughborough College is committed to growing and diversifying the range of courses it delivers to widen participation, target and support the most vulnerable, engage in new and emerging markets and meet the regional and local economic development agenda and increasing prosperity. The service achieves this by operating an externally commissioned model which promotes innovation and responsiveness to identified need.

The Subcontracting Fees and Charges Policy 2022-2023 can be found here:

[Subcontracting Fees and Charges Policy 2023](#)

Loughborough College will subcontract delivery in the following key areas:

Diploma in Sporting Excellence (DiSE) provision

DiSE allocations have already been subject to separate ESFA approval with the respective sports' National Governing Bodies. The College has a very high degree of expertise in developing and providing this niche sporting excellence qualification in close partnership with elite clubs and with the NGBs.

Provision complementary to DiSE

The DiSE allocation to clubs is for a specified number of elite learners. In addition to the DiSE qualification, learners will generally undertake a parallel study programme (16-19) as a complementary offer. In limited cases, this offer may be extended to other players who are not on the DiSE qualification, where this fills a gap in niche/expert provision and enhances the opportunities available to learners.

Specialist partnership study programme

The College will subcontract the provision of expert delivery on parts of a specialist study programme, in circumstances where the College provides that specialist programme in partnership with that expert delivery partner.

Apprenticeship subcontracts

The College will subcontract the provision of expert delivery on parts of specialist apprenticeship programmes, in circumstances where the College provides that specialist programme in partnership with that expert delivery partner.

Adult education short courses

The College will work with a high-quality national provider to provide access to short courses online for adults, where this enhances opportunities for learners.

Loughborough College is proud to partner with the following Subcontractors for 2022-2023:

Programme	Subcontractors	Cohort 2021-2022		Cohort 2022-2023
