

Learning Support Policy and Procedure

1. Scope and Purpose

Loughborough College is committed to undertaking best endeavours, making reasonable adjustments and offering additional support to ensure that all learners, some of whom may otherwise be disadvantaged due to learning difficulties and disabilities and/or medical conditions, (including social emotional and mental health challenges) have an equal chance of completing their programme of learning and achieving successful outcomes. This will be done whilst promoting independence and maintaining dignity. The college recognises learning difficulties and disabilities as defined within the Equality Act 2010.

2. Policy Statement

Loughborough College has an inclusive culture whereby the needs of learners are promoted and supported throughout their learning. Reasonable adjustments will be made by those overseeing teaching and learning within the learning environment. Additional support can be offered based on an assessment of individual need.

The College will promote independence by reviewing learners' needs and making any appropriate adjustments to levels of support offered.

The college has strong links with local authorities and complies with current SEND (Special Educational Needs and Disabilities) legislation to ensure best endeavours are applied throughout a learner's journey. The college has regard for the SEND Code of Practice (2015) and fulfils its statutory duty towards children and young people (0-25) with SEN or disability or inclusion needs.

The college is committed to eliminating discrimination, promoting equality of opportunity and fostering good relations between disabled and non-disabled children, young people and adults.

The college has a published local offer in line with The Special Educational Needs (local offer) Regulations 2014 for more information on services and support.

3. Definitions

The college recognises that often words are abbreviated; below are a list of some useful definitions.

The reasonable adjustment duty

The duty is 'to take such steps as it is reasonable to have to take to avoid the substantial disadvantage' to a disabled person caused by a provision, criterion or practice applied by or on behalf of a college, or by the absence

of an auxiliary aid or service. In the Equality Act 2010 as a whole, there are three elements to the reasonable adjustments duty that relate to:

- Provisions, criteria and practice
- Auxiliary aids and services
- Physical features

Best Endeavours

Some children and young people need educational provision that is additional to or different from that which is usually provided. This is special educational provision under Section 21 of the Children and Families Act 2014. Colleges must use their best endeavours to ensure that such provision is made for those who need it. Special educational provision is underpinned by high quality teaching and is compromised by anything less.

Learning difficulties/disabilities

SEND

Special education needs and disabilities

EHCP

Education health and care plan

SPLD

Specific learning difficulties

4. Legislation

The college complies with disability and SEND legislation; further guidance around special educational needs and disabilities, within education, can be found within the following legislation. (This is not an exhaustive list)

- Children and Families Act 2014
- SEND Code of Practice 2015
- Special Educational Needs and Disability regulations 2015
- Equality Act 2010
- Mental Capacity Act 2005
- Education Act 1996, 2002

5. Procedure

Potential learners are encouraged to declare learning difficulties/disabilities/inclusion needs at the earliest opportunity to ensure that the college is able to put in place reasonable adjustments and use best endeavours to allocate the right support at the right time. Learners have the opportunity to declare any support needs, learning difficulties or disabilities from the application stage.

Once an application form has been received the Additional Learning Support Team, located within the Learner Services team, are able to contact potential learners and/or their parents to arrange a needs assessment. The Additional Support Team will make contact via telephone, email and letter. The college addresses emails and letters in the name of the applying candidate and to the addresses provided.

If potential learners, parents/carers have not had an opportunity to establish contact with the Additional Learning Support Team prior to starting their programme, the team liaises with curriculum staff to ensure that support needs can be reviewed at the earliest opportunity at the beginning of term. Whilst curriculum staff will encourage and support learners to book and attend an assessment, the responsibility for this is placed upon the learner/parent/carer.

For more information about support relating to exam arrangements, please see the 'Exam Access Arrangements Policy.'

For learners that have not declared a learning difficulty or disability at the application stage but present as requiring additional support within their studies, as observed by their tutors, the staff member will be encouraged to make an appointment for an initial assessment of need, with the Additional Learning Support Team, through the ticketing system on the Staff Dashboard. The curriculum staff will discuss this with the learner in the first instance.

The support recommended may not be exactly the same as that which learners have received at previous schools. At college, our aim is to support learners to be as independent with their learning as possible, which includes reviewing and looking at alternative support mechanisms that allow them to learn, and not be disadvantaged, whilst developing independent learning skills.

Learners have the right to refuse any additional support suggested and offered at any time.

6. Key partners

The college mainly works with (but is not limited to working with) the following local authorities in relation to learners with Education Health and Care plans and those that require further element 3 top up funding from the local authority ("High Needs" learners):

- Leicestershire County Council
- Leicester City Council
- Nottinghamshire County Council
- Nottingham City Council
- Derbyshire County Council
- Derby City Council
- Rutland County Council

The College maintains a strong working relationship and creates joint provision opportunities for learners, with SENSE College, Loughborough. SENSE offer specialist advice and support to the college. The college also has strong links with a range of further education colleges within the county and East Midlands area as well as other specialist provision.

7. College Services

Headed by the Learner Services Manager, the Learning Support Team is comprised of the following specialist support staff:

The Learner Services Team

Role	Key Function (not exhaustive)
ALS Specialist Tutors (aka SPLD Tutors)	Specialist staff within regards specific learning difficulties such as dyslexia, dyspraxia, dyscalculia (list not exhaustive) the SPLD Tutors provide a range of support including; initial assessments, psychometric testing, exam concessions assessments, 1:1 specialist teaching, liaising with local authority, annual support reviews.
Learning Support Coordinators	Specialists with regard to a range of learning difficulties and disabilities including, autism spectrum disorders, social and emotional difficulties, attention deficit hyperactivity disorder, physical disabilities including moving and handling practices, medical and sensory conditions. The Support Coordinators provide a range of support including, initial assessments, deploying Learning Support Assistants, writing and reviewing risk assessments, liaising with the local authority and key partners and running annual support reviews.
EHCP Co-ordinator	Responsible for oversight of the progress of students with an EHCP. The role includes, development of processes to enable effective transition into college through links with provider schools, responses to local authority consultations, facilitation of annual reviews and progress monitoring of students with an EHCP.
Learning Support Assistants	Learning Support Assistants are deployed cross college working with learners at all levels within the classroom, providing a range of support strategies such as: small group support, 1:1 support, reading, scribing and exam support, all of which are dependent on the needs of the learner.
Student Finance Officer	To manage and allocate the various funding sources for students including government and other sources.

The Welfare and Development Team

Mental Health Coordinators	The Mental Health Coordinators provide support to learners with poor mental health or mental health illness. Support provided includes; initial assessments and strategies for learning, 1:1 support, small group work, acting as an advocate and liaising with curriculum staff internally. The Mental Health coordinators can also liaise with external agencies that are involved with a learners support. The team will also liaise with the local authority and provide annual support reviews.
Wellbeing Mentors	The Wellbeing Mentors offer a range of support services such as; those with low level welfare concerns, e.g. low level anxiety, substance abuse related concerns, sexual health, including those displaying unhealthy relationships. Working closely with the rest of the Additional learning support team and Welfare and Development Team the

	Wellbeing Mentors can provide 1:1 mentoring support, small group interventions and sign post to other services both internally and externally.
Inclusion Mentors	The Inclusion Mentors provide a central point of contact for learners who are in care, care leavers, young carers, young parents, those with criminal convictions and those who are vulnerably housed. The Inclusion Mentors provide 1:1 mentoring and advocacy support where identified. Working closely with external agencies they support learners to engage in appropriate external services, as well as communicating with curriculum staff on key strategies and interventions to implement to support the learners progress.

8. Offsite Delivery

Loughborough College has an inclusive culture whereby the needs of learners are promoted and supported throughout their learning. Reasonable adjustments will be made by those overseeing teaching and learning within the learning environment, whether onsite or offsite. Additional support can be offered based on an assessment of individual need at the college. Specialist support staff will liaise with curriculum delivery staff to ensure support is provided as appropriate.
